2. The consolidation of the 3 North Bay High Schools: Chippewa, West Ferris and Widdifield and the renaming and rebranding of two sites
 - a) To ensure equity of access for all students, refurbish two of the existing schools (total modernization) one in the south end of the city and one in the north end (First Choice) If total modernization of both facilities is not attainable item (b) is our preference,
 - b) To ensure equity of access for all students build new schools; one in the south end of the city and one in the north end (Second Choice)
 - c) Move the Extended French Program, The French Immersion Program and the International Baccalaureate Program to the South site.

3. Serious consideration be given to the following matters in the implementation of the above:
 - x In consultation with our First Nations leaders, enhance programming for our First Nations students at all new sites,
 - x All community programs in existing schools should be transferred to either new site as appropriate (no program will be lost in the transition),
