Title:	Environmental Responsibility Policy (working title/document) With excerpts from TDSB/YRDSB Environmental Responsibility Policies and Policy Framework for Environmental Environmental Education in Ontario Schools: Acting Today, Shaping Tomorrow

The Environment Policy commits the Near North District School Board to an ongoing alignment between teaching and learning and the operation of schools to develop whole school ecologically literate communities whose goal is building a healthy, sustainable society. Special emphasis is given to climate change, its mitigation and adaptation. A multi-stakeholder interdepartmental process sets and reviews targets and implementation, as well as documentation and communication of results, as part of offering community leadership in decision making and action that reflects a shared concern for protecting the environment.

The Board recognizes the interdependence of the environment, the economy and society, and the challenge of balancing all three in building a healthy, sustainable future. To achieve this goal, the Board adopts the concept of sustainable development as defined by the

Date Submitted:	April 26/2024
Mandate:	In alignment with NNDSB Bylaw 102, Trustee Fuscaldo provided notice to the Secretary of the Board, Director Myles, requesting an item be placed on the agenda for discussion during the May Committee of the Whole meeting.

Background: Development of Environmental Responsibility Policy Committee

Whereas the environmental challenges facing our society are increasingly pressing, including but not limited to climate change, pollution, habitat destruction, and resource depletion; and

Whereas, as an organization, it is our responsibility to acknowledge and address our impact on the environment, and to actively work towards sustainability and environmental stewardship; and

Whereas the development and implementation of a comprehensive Environmental Responsibility Policy will provide a framework for guiding our organization's actions and decisions towards minimizing our environmental footprint and promoting sustainable practices; and

Whereas the creation of an Environmental Responsibility committee through partnerships, measurable goals and outcomes will improve operational efficiency, and foster a culture of responsibility and innovation within our organization,
